

**YES on
Proposition No. 1
Tacoma Health Care Resolution
www.tacomayesonproposition1.org**

Health Care Is a Right.

All individuals need medical, dental, and mental health care.

We in the United States spend more per capita on health care than any other industrialized country in the world. Unfortunately, 29,000 people in Tacoma and 47,000,000 in the United States are uninsured. Millions find their coverage eroding or disappearing completely. Everyone confronts disproportionately rising cost of medicines, premiums, co-pays, and deductibles.

People have the right to accessible, timely, and high-quality health care to help them stay healthy.

Help Tacoma Send a Message

With strong grassroots support, local action, and advocacy we can put the right policies in place. Passage of Proposition 1 gives Tacoma a strong, authentic voice for health care reform.
